Dear parents and carers

Stationery Lists and Contributions & Charges 2026

Attached are two important documents for 2026: your child's Stationery List and the Contributions and Charges letter.

Each year we work closely with local business, Albany Office National, to develop a Stationery List of quality items and give you the ability to pay Voluntary Contributions at the same time.

By purchasing your Stationery List through Office National, you are not only supporting a local business but supporting our school. Office National generously provide a commission directly to our school, which enables us to provide more resources for student learning.

Paying your Voluntary Contributions allows the school to purchase additional educational resources to support our teaching and learning programs. The maximum charge allowable for voluntary contributions is \$60, however, at APS we cap this at \$50 to help support our families.
