We ask that students please bring their bikes in good working order as well as a helmet to school on these days to be able to participate fully in the sessions. For more information on bikes including performing a bike check, selecting a suitable bike, storing a bike properly, setting seat height and types of bike brakes, please view the AusBike Parent Information Booklet linked in this QR code.

Please be aware that students may be asked if another child without a bike can borrow their bike for use in these sessions. We understand that bikes can be quite expensive, so parents are encouraged to have a chat with their child about whether this is something they are happy to do or not. Please also speak to your classroom teacher if you are not keen to engage in bike sharing.

Parent helpers are welcome to these sessions. If you would like to help, or if you have any questions or concerns about these sessions, please contact Mr Paul Carron at paul.carron@education.wa.edu.au

Kind Regards,
Mr Paul Carron
